Asia-based Club

The Japan P&I Club has specialised in P&I insurance for 70 years since the Club was established in 1950 in Japan. We are part of the reinsurance programme of the International Group of P&I Clubs (IG), and also have our own reinsurance arrangements, to cover even huge losses. Entries in our Club come mainly from Japan and other Asian countries, like Korea, China, Taiwan, and Hong Kong. We have six offices altogether, with one in Tokyo, 3 more in Japan, and others in Singapore and London. We support the development of the maritime industry and strive to maintain a friendly-relationship with Members.

Also, we continue to maintain a BBB+ credit rating with a positive outlook from S&P Global Inc, so we can provide stable insurance cover of Members' risk exposure. Finally, we shall seek to exceed all the Members' expectations as a tough and reliable P&I insurer.
