The Provider's Additional Compensation shall remain fixed during each one year period of this contract subject to adjustments noted on Schedule 4. The Client agrees to pay fees and charges in accordance with the fees and charges in effect at the time the services are rendered.

- 4.4 The method, terms and conditions of billing and payment are set forth in Schedules 3 and 4.
- 4.5 The Client shall provide security for payment of charges as follows:
- (a) In exchange for the Provider agreeing to immediately respond to the Client's request for deployment of Response Resources, the Client shall provide in favor of the Provider at the time of signing this Agreement, unless waived by the Provider security in the amount of One Hundred Thousand Dollars (U.S. \$100,000) for the payment of Response Resources Use charges set forth in Schedule 4 and any indemnity amount due hereunder. The security may be a credit arrangement, guarantee, standby letter of credit or other form of security acceptable to the Provider. The terms and conditions of the security shall be acceptable to the Provider in its sole discretion. Such security shall remain in place throughout the term, including renewals, of this Agreement.
 - (b) In order for deployment of Response Resources to continue after Response Resource Use charges have exceeded One Hundred Thousand Dollars (U.S. \$100,000) or after the expiry of the first forty-eight hours (48) following the Client's request for deployment, whichever occurs first, the Client shall arrange security for payment in one of the following forms:
 - (i) deposit funds in an escrow account with an escrow agent on such terms as are acceptable to the Provider;

 - (iii) a guarantee in favor of the Provider issued on terms and by a bank or other party acceptable to the Provider;
 - (iv) an undertaking in favor of the Provider issued on terms and by a P&I Club or insurance underwriter acceptable to the Provider; or

The amount of such security shall be agreed by the parties at the time as appropriate to the circumstances, and shall be increased as required by the Provider.

- 4.6 Nothing herein shall be read to oblige the Provider to continue to deploy Response Resources when it has not been paid or provided with acceptable security for services rendered or services to be rendered.

5. RESPONSE PROCEDURE

- 5.1 The Client may initiate a request for the deployment of Response Resources for Response Activities by a direct telephone call to

the Provider at (631) 224-9141, and such telephone call shall be deemed a request for the deployment of Response Resources by the Client for purposes of this Agreement.

Upon the Provider's arrival at the scene of the Discharge, the Qualified Individual, or other authorized representative of the Client, shall give the Provider written authorization to proceed with deployment of Response Resources. - 5.5 The Client shall give the Qualified Individual, or other authorized representative on scene, full authority to approve the daily worksheets submitted by the provider.

6. LIMITATIONS ON PROVIDER'S OBLIGATIONS

In the event the Provider is requested to deploy Response Resources for Response Activities for more than one Discharge within the Area of Service, the Provider and Client shall make good faith efforts to agree on allocation of Response Resources between the spills. In the absence of such agreement, the Provider shall allocate its Response Resources as directed by the OSCs or other U.S. Government representatives for the concurrent spills. In the absence of such direction the Provider shall not be obligated to remove or divert Response Resources from Response Activities in connection with another spill initiated prior to the request for deployment of Response Resources by the Client if the Provider deems that such Response Resources are necessary for proper completion of the previously initiated Response Activities. The Provider shall give notice to the Client if it will be unable to respond due to deployment of Response Resources for a discharge by another client.

7. DISCLAIMERS AND LIABILITY

- 7.2 The Client acknowledges that Response Resources deployed by the Provider under this Agreement will be deployed on an emergency basis and that the purpose of Response Activities for which such Response Resources will be deployed is to remove, to the maximum extent practicable, Oil from a Discharge. The Provider does not warrant, by the terms of this Agreement or by undertaking, that Response Activities conducted with Response Resources will render the scene of the Discharge, or areas affected by the Discharge, safe for any form of human activity, or in compliance with any Federal law or State Law.
- 7.3 In no event shall the Provider, its affiliates, agents, employees or subcontractors be liable for or obliged in any manner for any loss of profits and loss of use to the Client.
- 7.4 The Provider, its affiliates, agents, directors, officers, employees or subcontractors shall be entitled to the protection of Responder Immunity Law and nothing herein shall be construed to allow the Client to recover by way of contribution, indemnity or otherwise from the Provider, its affiliates, agents, directors, officers employees or subcontractors, any amounts for which the Client is liable to or has paid to third parties and for which the Provider, its affiliates, agents, directors, officers, employees or subcontractors would have no liability under the Responder Immunity Law applicable in the jurisdiction where the Discharge and/or Response Activities have occurred. In no event shall the Provider, its affiliates, agents, directors, officers, employees or subcontractors be liable for or obliged in any manner for damages suffered by the Client arising from services hereunder whether damages to third parties or the Client directly, unless the damages were directly caused by the gross negligence or willful misconduct of the Provider, its affiliates, agents, directors, officers, employees or subcontractors.
- 7.5 At no time shall the Provider be considered to have title to, or otherwise own, any Oil or Hazardous Substances on the Vessel or being removed from the water, shoreline or elsewhere, or to be in possession or control of any such Oil or Hazardous Substances, except as the Client's agent.

- 8.4 The Client shall be responsible for maintaining its own liability insurance

9. INDEMNIFICATION

- 9.1 The Provider agrees to indemnify, defend and hold harmless the Client from and against any and all costs, liabilities, claims, demands and causes of action which the Client may suffer, incur, or pay out to the extent caused by the gross negligence or willful misconduct of the Provider, its affiliates, officers, directors, employees or subcontractors except to the extent that such liabilities, claims, demands and causes of action occur as a result of the Client's failure to observe or comply with any applicable law, regulation or lawful authority, or its failure to observe or comply with and fulfill its obligations under this Agreement or as a result of the grossly negligent or wrongful acts of the Client, its employees or agents, or of third parties.
- 9.2 (a) The Client shall indemnify, defend and hold harmless the Provider, its affiliates, directors, officers, employees, agents and subcontractors from and against any and all costs, liabilities, claims, demands and causes of action to the extent caused by the Client's failure to observe or comply with any applicable law, regulation or lawful authority, or its failure to observe or comply with and fulfill its obligations under this Agreement or as a result of the gross negligence or willful misconduct of the Client, its employees or agents, except to the extent that such liabilities, claims, demands or causes of action occur as a result of the gross negligence or willful misconduct of the Provider, its affiliates, officers, directors, employees or subcontractors;
- (b) Notwithstanding Clause 9.2(a), the Client shall indemnify, defend and hold harmless the Provider, its affiliates, directors, officers, employees, agents and subcontractors from and against any and all costs, liabilities, claims demands and causes of action for Removal Costs and damages under OPA §1002 or corresponding State Law which result from actions taken or omitted to be taken in the course of rendering care, assistance or advice in connection with a Discharge or threatened Discharge from a Vessel consistent with the National Contingency Plan or as otherwise directed by the Client, the U.S. Coast Guard or other governmental authorities, which the Provider, its affiliates, directors, officers, employees, agents and subcontractors, individually or collectively, may suffer, incur, or pay out, except to the extent that:
 - (i) the Provider, its affiliates, officers, directors, employees or subcontractors is entitled to immunity from liability under Responder Immunity Law;

- (ii) such liabilities, claims, demands and causes of action arise out of the gross negligence or willful misconduct of the Provider, its affiliates, officers, directors, employees or subcontractors;
- (iii) the Client would have been entitled to a complete defense to liability under Federal Law and any relevant State Law had such claim, demand or cause of action been made against the Client or the Vessel directly;
- (iv) such payment or indemnification would result in a payment by the Client in excess of the amount to which the Client would have been entitled to limit its liability under Federal Law and any relevant State Law had such claim, demand or cause of action been made against the Client or the Vessel directly; or
- (v) such liabilities, claims, demands and causes of action arise in respect of death or personal injury.

9.3 In the event the protection and indemnity club for a Vessel approves indemnification language in any other contract for the provision of similar services, the Provider shall have the option to adopt such indemnification language in substitution of Clause 9 or any part thereof.

10. EXCUSE OF PERFORMANCE

- 10.1 The performance of this Agreement, except for the payment of money for services already rendered and such further services as are necessary for standby or to demobilize following suspension, may be suspended by either party in the event performance of this Agreement is prevented by a cause or causes beyond the reasonable control of either party or force majeure and not contemplated as a circumstance in which services hereunder are to be performed. Such causes shall include, but not be limited to, acts of God, acts of public enemies, war, rebellion, sabotage, riot, fire, explosion, unavoidable accident, or flood; Governmental laws, regulations, requirements, orders or actions; national defense requirements, injunctions or restraining orders, labor trouble, strike, lockout or injunction. - 10.2 The party asserting a right to suspend performance under this Agreement must, within a reasonable time after it has knowledge of the effective cause, notify the other party of the cause for suspension, the performance suspended, and the anticipated duration of suspension. Upon receipt of such notice advising of a material or indefinite suspension of performance, and if such suspension substantially impairs the value of this Agreement to it, either party may terminate this Agreement on the number of days written notice set forth in Schedule 1, as provided in Clause 11.
- 10.3 The party asserting a right to suspend performance hereunder shall advise the other party when the suspending event has ended, and when performance will be resumed.

10.4 Nothing herein shall be construed to oblige the Provider to deploy Response Resources in connection with Response Activities where, in the good faith judgment of the Provider's supervisory personnel on the scene and with the agreement of the Federal On Scene Coordinator, circumstances in which the Response Activities are to be conducted present an unreasonable risk to life or property.

11. TERMINATION

11.1 If the Provider is unable, for a period of more than forty-five (45) days, to obtain or maintain Classification as an Oil Spill Removal Organization when such Classification is available, this Agreement may be terminated upon notice from the Client. In such event the Provider shall pay to the Client in a form of liquidated damages an amount equal to the prorated portion of the annual retainer fee.

11.2 This Agreement may be terminated by the Provider upon forty-eight (48) hours notice to the Client in the event of the following:

- (a) with respect to a Vessel or Vessels, when the Client has failed to provide the Provider with proof of insurance in force at the time the Vessel or Vessels will be in U.S. Waters;
- (b) with respect to a Vessel or Vessel(s), when the Client has failed to obtain a Certificate of Financial Responsibility from the appropriate Federal or State authorities;
- (c) when the Client is not current with payment of any fees or charges under this Agreement.

11.3 In the event of termination, the Client shall compensate the Provider for all services performed prior to termination and for such post-termination efforts as are reasonably related to the services such as demobilization and storage and disposal of recovered Oil.

11.4 Should the Client default in the performance of its obligations under this Agreement, or cease doing business as a going concern, become insolvent, commit an act of bankruptcy, or become the subject of any proceeding under the Bankruptcy Act or other insolvency laws, or be seized or nationalized by a government or government instrumentality, then the Provider may, without notice and without relieving the Client of its obligations hereunder, terminate this Agreement, declare the balance of fees and charges to be due and payable, and assert maritime or other liens against the Vessel, wherever it may be found.

12. LIENS

The Client and the Provider agree that the services provided under this Agreement are necessities and that the Provider shall have a maritime lien under U.S. law against each Vessel for the fees and charges attributable to such Vessel under this Agreement.

13. CONFIDENTIALITY

13.1 The Provider and the Client (including both party's principals, employees, officers, directors, and agents) shall treat as confidential and proprietary and not disclose to others during or subsequent to the term of this Agreement, except as is necessary

September 15, 2004

to perform this Agreement (and then only on a confidential basis satisfactory to both parties), any information whether verbal or written, or any description whatsoever (including any technical information, experience or data) regarding the terms of this Agreement or the Provider's Response Resources and Contractors without, in each instance, securing the prior written consent of the other party, except when both parties agree that the other may disclose that the Client has contracted with the Provider or such information is otherwise in the public domain.

13.2 In the event that either party shall be required by subpoena, court, or administrative order (hereinafter "The Order") to disclose any of the information deemed by this Agreement to be confidential and/or proprietary, that party shall give immediate written notice to the other party. Upon receipt of same, the party whose information may be the subject of The Order expressly reserves the right to interpose all objections it may have to the disclosure of its information. The foregoing shall survive the termination or expiration of this Agreement and shall continue until a specific written release is given by either party.

14. NON-ASSIGNMENT

Except to the extent of the Provider's right to subcontract for Response Resources and other services hereunder, this Agreement is personal to the parties, and neither rights nor obligations may be assigned by either party without the prior written consent of the other party.

15. TERM

This Agreement shall continue in full force and effect for the period of years as indicated on Schedule 1 and for successive periods of one year thereafter unless terminated by either party upon notice to the other party ninety (90) days or more before the next renewal date.

16. WAIVER

Any waiver by either party of any provision or condition of this Agreement shall not be construed or deemed to be a waiver of any other provision or condition of this Agreement, nor a waiver of a subsequent breach of the same provision or condition, unless such waiver be expressed in writing and signed by the party to be bound.

17. SEVERABILITY

If any section, subsection, clause or sentence of this Agreement shall be deemed illegal, invalid or unenforceable under any applicable law actually applied by any court of competent jurisdiction, such illegality, invalidity or unenforceability shall not affect the legality, validity and enforceability of this Agreement or any other section, subsection, clause or sentence thereof. Where, however, the provisions of any applicable law may be waived, they are hereby waived by the parties to the full extent permitted by such law to the end that this Agreement shall be a valid and binding agreement enforceable in accordance with its terms.

18. GOVERNING LAW AND JURISDICTION

18.1 This Agreement shall be governed by and construed in all respects in accordance with the law of the State of New York except to the extent that this Agreement entitles the Provider to the benefit of Responder Immunity Law applicable in the jurisdiction where the

Nor shall the taking of any proceedings with respect to this Agreement in any jurisdiction preclude the Provider from taking proceedings with respect to this Agreement in any other jurisdiction, whether concurrently or not.
- (d) The Provider may claim execution of any judgment or order in any court of appropriate authority of any state or country where the Client has any assets.

19. MISCELLANEOUS

- 19.1 This Agreement and the Schedules to this Agreement represent the entire understanding and agreement between the Provider and the Client and supersede any and all prior agreements, whether written or oral, that may exist between the Provider and the Client regarding same. - 19.2 None of the provisions of this Agreement shall be deemed to constitute a partnership or joint venture between the parties for any purpose.
- 19.3 The Provider shall not be restricted (whether as Provider, agent, owner, operator, charterer or otherwise) from carrying on or being concerned or interested in any business or activity which is or may be similar to or competitive with the business or activities now or at any time hereafter carried on by the Client.
