

CONTRACTS AND FUNDING AGREEMENTS

SMFF Regulation: Frequently Asked Questions

Extract:

4. Can we use a Lloyd's Open Form in Lieu of a funding agreement?

A Lloyd's Standard Form of Salvage Agreement (LOF) alone does not meet the funding agreement definition because it does not contain agreed upon rates for specific equipment and services. The regulatory intent is to prevent any delay in response due to price or other contractual negotiations. The Coast Guard is willing to consider the LOF in lieu of a funding agreement under the following conditions:

- 1) The LOF is submitted with and identified in the entire agreement between the primary resource provider and the vessel owner or operator; and
- 2) The LOF is signed by both the primary resource provider and the vessel owner or operator at the time it is submitted with the contract or other approved means to the Coast Guard.
- 3) If the LOF is submitted as outlined above, the Coast Guard believes that the regulatory intent of preventing any delay in response due to contractual negotiations will be met and we should consider the submission as an acceptable alternative under the contract or other approved means definition contained in 33 CFR 155.4025.

5. What about using other standard salvage contracting forms?

The Coast Guard may consider other types of standard salvage contracting forms as an acceptable alternative under the contract or other approved means definition in lieu of a funding agreement if such forms are submitted in a manner similar to that which is described above for the LOF.
