**GUIDANCE ON THE CONTINUATION OF CERTAIN TEMPORARY SANCTIONS
RELIEF IMPLEMENTING THE JOINT PLAN OF ACTION, AS EXTENDED**

On November 24, 2013, the United States and its partners in the P5 + 1 (China, France, Germany, Russia, the United Kingdom, and the United States, coordinated by the European Union's High Representative) reached an initial understanding with Iran, outlined in a Joint Plan of Action (JPOA).

On July 10, 2015, the P5 + 1, the EU, and Iran decided by mutual consent to extend the JPOA for three days in order to continue negotiations to reach a comprehensive solution. Accordingly, the U.S. Government (USG) hereby extends the JPOA sanctions relief provided on November 25, 2014, as implemented via Guidance, Frequently Asked Questions, and Statement of Licensing Policy, through July 13, 2015.

All JPOA sanctions relief described in the Guidance, Frequently Asked Questions, and Statement of Licensing Policy documents of November 25, 2014, which provide relief through the "JPOA Relief Period," is now extended through July 13, 2015. The categories of relief and the type and extent of sanctions relief provided under the JPOA remain unchanged from the November 25, 2014 extension of sanctions relief. All activities conducted in accordance with the sanctions relief must be concluded while the relief is in effect.

Effective July 11, 2015, all specific licenses that: (1) were issued pursuant to OFAC's Second Amended Statement of Licensing Policy on Activities Related to the Safety of Iran's Civil Aviation Industry, and (2) have an expiration date on or before July 10, 2015, are hereby authorized to remain in effect according to their terms through July 13, 2015.

This guidance replaces the guidance issued by OFAC on July 7, 2015, which extended the JPOA sanctions relief through July 10, 2015.

Please reference the [Guidance](#), [Frequently Asked Questions](#), and [Statement of Licensing Policy](#) documents of November 25, 2014 for additional details on JPOA sanctions relief.
