## **Myanmar – The Port Situation (No.2)**

We have received the latest information of Myanmar from our local correspondent, Spica Services (S) Pte Ltd. As to the former relative information, please refer to Japan P&I News [No.1108](#).

Ports and related services are operating normally. On the other hand, the internet continues to be intermittent, and particularly, is being shut down at night.

Please note that the change of local situation is so unforeseeable, that the above is to be updated accordingly. It is highly recommended for members to check the latest information at the time of vessel's calling through local agents in Myanmar.

Yours faithfully,

**The Japan Ship Owners' Mutual Protection & Indemnity Association**
