## 国際海事局（IMB）海賊と武装強盗に関する 2024 年第一四半期報告書

国際海事局海賊情報センター（IMB PRC: The IMB Piracy Reporting Centre）から 2024 年第一四半期の海賊と武装強盗に関する報告書を受領しましたので、IMB による要約と共にご案内申し上げます。詳細は添付資料をご参照ください。

### 要約

2024 年 1 月から 3 月の内訳は、24 隻が侵入、6 隻が襲撃未遂、2 隻がハイジャックされ、1 隻が発砲されました。船員 35 人が人質に取られ、9 人は誘拐され、1 人は脅迫されるなど、船員への暴力や脅迫は続いています。

下表のとおり、事件の大半は船舶が停泊中もしくは航行中に報告されています。

Status when Attacked	BOARDED	ATTEMPTED	HIJACKED	FIRED UPON	Grand Total
ANCHORED	15	5			20
BERTHED	1				1
STEAMING	8	1	2	1	12
<b>Grand Total</b>	<b>24</b>	<b>6</b>	<b>2</b>	<b>1</b>	<b>33</b>

事件が報告された地域は下表のとおりです。

Region	BOARDED	ATTEMPTED	HIJACKED	FIRED UPON	Grand Total
AFRICA (Somalia)	1	1	2	1	5
AFRICA (Gulf of Guinea)	6				6
INDIAN SUB-CONTINENT	7	2			9
SE ASIA	10	3			13
<b>Grand Total</b>	<b>24</b>	<b>6</b>	<b>2</b>	<b>1</b>	<b>33</b>

### ソマリア

2 件のハイジャックが報告されていて、ソマリア沖の海賊は引き続き脅威となっています。さらに、発砲、侵入、襲撃未遂がそれぞれ 1 件ずつ報告されています。これらの事件はソマリアの海岸から遠く離れた場所で報告されていて、彼らが海賊行為を行う能力が継続していることを示しています。

## ギニア湾

ギニア湾水域と沿岸諸国では事件が引き続き抑制されています。2024年1月から3月には6件の報告がありましたが、2023年の同時期は5件でした。この減少は歓迎すべきことです。しかしながら、2024年1月1日にプロダクトタンカーが赤道ギニアの Bioko Island の南 45 海里付近で侵入され、船長と機関長を含む 9 人の船員が誘拐されたことは、海賊による犯罪が依然として現実の脅威であることを示唆しています。

## アジア

バングラデシュ：2024年、バングラデシュ海域では事件の増加が顕著です。2023年は年間1件でしたが、すでに7件の報告があり、うち6件は Chattogram で停泊中の船舶からのものです。

シンガポール海峡：大型ばら積み貨物船4隻と一般貨物船1隻に対する5件の事件が報告されています。単なる出来心によるものと考えられていますが、1月にはこの海峡で3件の事件が発生し、5人の船員が人質に取られました。

### **New report highlights continued threat of Somali piracy**

The ICC International Maritime Bureau (IMB) raises concern on the continued acts of maritime piracy off the coast of Somalia in its first quarter report for 2024, released today.

A total of thirty-three incidents of piracy and armed robbery against ships were recorded in the first three months of 2024, an increase from 27 incidents for the same period in 2023.

Of the 33 incidents reported, 24 vessels were boarded, six had attempted attacks, two were hijacked and one was fired upon. Violence towards crew continues with 35 crew members taken hostage, nine kidnapped and one threatened.

#### **Worrying rise in Somali pirate activity**

The Q1 report highlights the continued threat of Somali piracy incidents with two reported hijackings. In addition, one vessel each was fired upon, boarded and reported an attempted approach. These incidents were attributed to Somali pirates who demonstrate mounting capabilities, targeting vessels at great distances, from the Somali coast.

A Bangladesh flagged bulk carrier was hijacked on 12 March and its 23 crew were taken hostage by over 20 Somali pirates. The vessel was underway approximately 550 nautical miles (nm) from Mogadishu while enroute from Mozambique to the United Arab Emirates.

The IMB is aware of several reported hijacked dhows and fishing vessels, which are ideal mother ships to launch attacks at distances from the Somali coastline.

ICC Secretary General John W.H. Denton said: "The resurgence of Somali pirate activity is worrying, and now more than ever it is crucial to protect trade, safeguard routes, and the safety of seafarers who keep commerce moving. All measures to ensure the uninterrupted free flow of goods throughout international supply chains must be taken."

IMB has commended the timely and positive actions from authorities ensuring the release and safety of the crew.

A 40-hour operation by the Indian navy in the Indian Ocean on 15 March 2024 culminated in the capture of 35 Somali pirates and the release of a previously highjacked vessel and its 17 crew.

A bulk carrier boarded by pirates on 4 January over 450 nm off the east coast of Somalia was rendered safe along with its 21 crew members by an Indian naval vessel.

In late January, the Seychelles coast guard intervened to safeguard a hijacked fishing vessel and its six crew. Three suspected Somali pirates were apprehended in this operation.

IMB Director Michael Howlett said: "We reiterate our ongoing concern on the Somali piracy incidents and urge vessel owners and Masters to follow all recommended guidelines in the latest version of the Best Management Practices (BMP 5). We also commend the actions of the Indian navy and Seychelles coast guard for intercepting hijacked vessels, safeguarding crews and capturing pirates."

### **Caution urged in the Gulf of Guinea**

Incidents within the Gulf of Guinea waters continue to be at a reduced level. Six incidents were reported in Q1 2024 compared to five in the same period of 2023. The IMB urges continued caution as nine crew were kidnapped from a product tanker on 1 January 2024 around 45nm south of Bioko Island, Equatorial Guinea.

“While we welcome the reduction of incidents, piracy and armed robbery in the Gulf of Guinea remains a threat. Continued and robust regional and international naval presence to respond to these incidents and to safeguard life at sea is crucial,” Mr Howlett said.

### **Rising risks in Bangladesh and Singapore Straits**

There has been a noticeable increase in reported low-level opportunistic crimes in Bangladeshi waters in 2024 with seven reported incidents received – six from vessels at anchorage in Chattogram – compared to one report for the whole of 2023.

The Singapore Straits recorded five incidents against four large bulk carriers and a general cargo vessel, considered low-level opportunistic incidents. But the threat for crew safety remains high as five crew were taken hostage in three separate incidents in January.

### **About IMB Piracy Reporting Centre**

Since its founding in 1991, IMB’s Piracy Reporting Centre serves as a crucial, 24-hour point of contact to report crimes of piracy and lend support to ships under threat. Quick reactions and a focus on coordinating with response agencies, sending out warning broadcasts and email alerts to ships have all helped bolster security on the high seas. The data gathered by the Centre also provides key insights on the nature and state of modern piracy.

IMB encourages all shipmasters and owners to report all actual, attempted and suspected global piracy and armed robbery incidents to the Piracy Reporting Centre as a vital first step to ensuring adequate resources are allocated by authorities to tackle maritime piracy.

### **About the International Chamber of Commerce**

The International Chamber of Commerce (ICC) is the institutional representative of more than 45 million companies in over 170 countries. ICC’s core mission is to make business work for everyone, every day, everywhere. Through a unique mix of advocacy, solutions and standard setting, we promote international trade, responsible business conduct and a global approach to regulation, in addition to providing market-leading dispute resolution services. Our members include many of the world’s leading companies, SMEs, business associations and local chambers of commerce.

## INTRODUCTION

The ICC International Maritime Bureau (IMB) is a specialised division of the International Chamber of Commerce (ICC). The IMB is a non-profit making organisation, established in 1981 to act as a focal point in the fight against all types of maritime crime and malpractice. The International Maritime Organization (IMO), in its resolution A 504 (XII) (5) and (9) adopted on 20 November 1981, has *inter alia* urged governments, interest groups and organizations to co-operate and exchange information with each other and the IMB, with a view of maintaining and developing a coordinated action in combating maritime fraud.

Outrage in the shipping industry at the alarming growth in piracy prompted the creation of the IMB Piracy Reporting Centre (IMB PRC) in Kuala Lumpur, Malaysia in October 1992.

### **The key advantages and services of the PRC are:**

- A 24/7 manned operations centre.
- A single point of reporting for all vessels affected by piracy or armed robbery, as they trade through many different jurisdictions.
- Notifying the appropriate response agency of the reported incident and liaising with these agencies until the crew and vessel are safe.
- Warning vessels in the vicinity of a threat by broadcasting sitreps of incidents via Inmarsat-C SafetyNET service.
- Alerting CSOs and vessel managers of incidents via email.
- Keeping the International Maritime Organisation (IMO) updated on reported incidents.
- Assisting local law enforcement in apprehending and bringing the criminals to justice.
- Publishing comprehensive quarterly and annual reports detailing incidents reported to the PRC.

The IMB PRC provides all its services *free of charge* to all ships irrespective of crew nationality, ownership, or flag.

This report is an analysis of 33 global maritime piracy and armed robbery incidents reported to the IMB PRC from 1 January to 31 March 2024. Incidents are occasionally reported late, resulting in changes to the tables and figures in subsequent reports.

Due to the continued debate concerning the Malacca Straits, these narrated incidents are shown separately.

## **DEFINITIONS OF PIRACY & ARMED ROBBERY**

The IMB PRC follows the definitions of Piracy as defined in Article 101 of the 1982 United Nations Convention on the Law of the Sea (UNCLOS) and Armed Robbery as defined by the International Maritime Organisation (IMO) in its 26<sup>th</sup> Assembly session as Resolution A.1025 (26) “Code of Practice for the Investigation of Crimes of Piracy and Armed Robbery against Ships”.

### **Article 101 of UNCLOS defines Piracy as:**

*Definition of Piracy consists of any of the following acts:*

*(a) any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed-*

*(i) on the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft;*

*(ii) against a ship, aircraft, persons or property in a place outside the jurisdiction of any State;*

*(b) any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft;*

*(c) any act of inciting or of intentionally facilitating an act described in subparagraph (a) or (b).*

### **IMO Resolution A.1025 (26) “Code of Practice for the Investigation of Crimes of Piracy and Armed Robbery against Ships” defines Armed Robbery as:**

*Armed robbery against ships means any of the following acts:*

*.1 any illegal act of violence or detention or any act of depredation, or threat thereof, other than an act of piracy, committed for private ends and directed against a ship or against persons or property on board such a ship, within a State’s internal waters, archipelagic waters and territorial sea;*

*.2 any act of inciting or of intentionally facilitating an act described above*

The definitions of piracy and armed robbery are aimed to assign responsibility for responding to these illegal acts. It is worth noting that these definitions do not consider the resulting consequence on the crew, vessel and cargo, which in IMB’s experience ranges from opportunistic theft, cargo theft, taking crew hostage, assault and injury, kidnapping and in some cases death of a crew member.

It is vital that all actual and attempted incidents at the time of, or shortly after the incident, are reported and recorded.

This is the first essential step in the response chain.

Under the definitions of Piracy or Armed Robbery, the IMB PRC reports incidents as follows:

1. **Boarded:** An illegal act of perpetrators successfully gaining access onto the vessel.
2. **Hijacked:** An illegal act of perpetrators successfully gaining access onto the vessel and taking over the control of the vessel from the Master and crew.
3. **Fired Upon:** An illegal act of perpetrators discharging weapons towards the vessel while attempting to gain access onto the vessel.
4. **Attempted:** An illegal act of perpetrators attempting to approach a vessel with possible intention to board but remain unsuccessful due to the timely actions of the crew.

The consequences to the crew, vessel, or cargo, as a result of the above illegal acts:

1. **Crew:** Kidnap, hostage, death, threat, assault, injury, missing.
2. **Vessel:** Damage, especially due to the discharge of weapons or when perpetrators willfully damage vessel equipment and property.
3. **Cargo:** Theft or damage to cargo.

**Region specific severity of incident on Crew, Vessel and Cargo: (Chart G)**

As several agencies define and categorize incidents differently, the IMB reports under three generic Severity Levels – I, II, and III determined by the effect the incident has on the crew, vessel and cargo.

**Severity Level I:** Any incident which has a direct impact on the crew. To include:

- a. Crew being taken hostage, assaulted, injured, killed, kidnapped, missing, threatened.
- b. A hijacking where the command of the vessel is taken over by those boarding.
- c. An incident where the crew retreats into the citadel.

**Severity Level II:** To include a vessel being fired upon, security teams firing on approaching threat, robbers / pirates identified with weapons of any type (violence is offered) whether boarded or otherwise.

**Severity Level III:** To include an incident that does not fall into either Level I or Level II

***OFF SOMALIA / GULF OF ADEN / RED SEA ATTACK FIGURES UPDATE***

**From 1 January to 31 March 2024, two vessels were hijacked. One vessel each was boarded and fired upon while one reported an attempted approach in the waters off Somalia.**

**The international navies patrolling these waters continue to coordinate and liaise with merchant and fishing fleets to identify and apprehend pirate action groups.**

**The IMB PRC cautions vessel owners and masters against complacency. Recent incidents demonstrate the continued capability and capacity of the Somali pirates to target vessels over 1000nm from the Somali coast.**

**All vessels are advised and encouraged to adhere to the latest BMP recommendations while transiting these waters. Vessels employing Privately Contracted Armed Security Personnel (PCASP) should be cautious and not mistake fishermen for pirates.**

**The IMB PRC continues to monitor the situation in the region. Although only five Somali piracy incidents have been recorded, several hijackings of dhows and fishing have not yet been reported.**

**The IMB PRC supports and compliments the role of international navies by relaying all reports received to the response agencies, as well as by broadcasting alerts to vessels via the GMDSS Safety Net Service on incidents of piracy and armed robbery.**

**The IMB PRC is also aware of the non-piracy related targeting of vessels by Houthi militants in the Gulf of Aden / Red Sea / Bab El Mandeb waters particularly off Yemen using drones and missiles. All vessels are urged to register and report as per the latest edition of the BMP.**

***CONTINUED COOPERATION***

**The positive information sharing, actions, and cooperation between the Indonesian Marine Police (IMP) and the IMB PRC has resulted in an overall decrease in the number of reported incidents in the 10 safe designated areas.**

**All vessels intending to anchor, waiting for berth or drift should do so at the designated areas where IMP patrol boats would be stationed to enable them to maximize their resources to provide greater protection for vessels.**

**Vessels are advised to cooperate by maintaining strict anti-piracy and robbery watches and report all attacks and suspicious sightings to the local Authorities / IMP, as well as the IMB PRC. The IMB PRC will also liaise with local and regional Authorities to render necessary assistance.**

**In line with the Road Map Program Police Reforms Wave III, the Indonesian Authorities will continue to allocate and position resources and assets in 10 key designated areas of concern, to prevent sea robbery and piracy in and around Indonesian waters.**

**The IMB thanks the IMP for their support and contribution to the shipping industry.**

***ACKNOWLEDGEMENT***

**The IMB PRC appreciates the strong and vital cooperation from the Philippine and Malaysian Intel that have provided crucial information relating to the safety of vessels and seafarers, particularly in the Sulu Sea/eastern Sabah waters. The successful cooperation has directly and indirectly saved many lives and properties at sea. The IMB PRC looks forward to the continued cooperation, and thanks both intel agencies for their commitment.**

**ACKNOWLEDGEMENT**

The IMB appreciates the assistance (past and present) and vital cooperation provided by the Coalition naval forces / EU naval force (EUNAVFOR ATALANTA) / MSCHOA / US Navy / French Alindien / NATO / UKMTO / Indian Navy / Iranian Navy / Malaysian Navy / Russian Navy / Chinese Navy / South Korean Navy / Japanese Maritime SDF/ Singapore Navy / Royal Thai Navy / and Yemeni Coast Guard and Navy, for assisting the many vessels that have been attacked by suspected Somali pirates, both in the Gulf of Aden, and off eastern / southern Somali coast, Indian Ocean, Arabian Sea and other areas. The positive actions by the navies, including pre-emptive and disruptive counter piracy tactics, resulted in a drop in the number of attacks.

**ACKNOWLEDGEMENT**

The IMB PRC appreciates the strong cooperation from the West African authorities / navies and international navies (past and present), especially the Danish, Italian, Russian, Spanish and Portuguese Navies in the Gulf of Guinea. A special thanks to the Nigerian Authorities, particularly the Nigerian Navy and NIMASA, who have continued to provide prompt information, actions, and valuable cooperation between agencies. The IMB PRC looks forward to the continued cooperation from the West African authorities / navies and international navies in the area.

**ACKNOWLEDGEMENT**

The IMB PRC thanks all the masters and vessel owners / operators who have reported incidents to the Centre. It encourages all incidents to be reported in a timely manner.

While the IMB PRC endeavours to always get a meaningful response from regional authorities, the reports also play a crucial role to increase awareness of this crime. This allows for additional resources to be allocated by authorities to tackle the crime of piracy and armed robbery.

Transparent statistics from an independent, non-political, international organization such as the IMB PRC can act as a catalyst to achieve this goal.

## **PIRACY AND ARMED ROBBERY PRONE AREAS AND WARNINGS**

*All vessels are advised to report all piracy and armed robbery incidents and suspicious sightings to local Authorities, their flag state and to the IMB Piracy Reporting Centre as per IMO Cir 1334.*

*Mariners are advised to be cautious, take precautionary measures and follow all recommended guidelines, when transiting the following areas:*

### **SOUTH EAST ASIA AND INDIAN SUB CONTINENT**

**Bangladesh:** Most incidents reported at anchorages and its approaches. Incidents in Bangladesh have fallen significantly over the past few years because of the efforts by the Bangladesh authorities. Recently, incidents have increased at Chattogram anchorage. Maintain a strict watch.

**Indonesia:** Belawan and Dumai / Lubuk Gaung and surrounding waters. Pirates / robbers are normally armed with guns / knives and / or machetes. Generally, be vigilant in other areas. Many incidents may have gone unreported. Pirates / robbers normally approach vessels during the night. When spotted and alarm is sounded, the pirates / robbers usually escape without confronting the crew. A strict anti-piracy watch is recommended.

Meetings and continued dialogue between the Indonesian Marine Police (IMP) and the IMB PRC resulted in positive actions by the Indonesian authorities, who have so far brought down the number of incidents significantly. With the assistance and actions of the IMP, the incidents appear to be curtailed.

The Indonesian Marine Police have advised all ships intending to anchor to do so at / near the following areas where Indonesian Marine Police will conduct patrols for greater protection:

(After IMP-IMB started the cooperation, since 2014, no incident has been reported in the Adang Bay region. With this in view, in March 2021, IMP has decided to replace Adang Bay with Tanjung Butan at 01:11.30N – 104:12.30E as Singapore Straits and surrounding waters are now considered as risky waters).

1. Belawan: 03:55.00N-098:45.30E
2. Dumai: 01:42.00N-101:28.00E
3. Nipah: 01:07.30N-103:37.00E
4. Tanjung Berakit/Bintan: 01:23.30N-104:42.30E
5. Tanjung Priok: 06:00.30S-106:54.00E
6. Gresik: 07:09.00S-112:40.00E
7. Taboneo: 03:41.30S-114:28.00E
8. Tanjung Butan: 01:11.30N-104:12.30E (effective 12 March 2021)
9. Muara Berau: 00:17.00S-117:36.00E
10. Balikpapan: 01:22.00S-116:53.00E

The Indonesian authorities have advised IMB that in accordance with the Road Map Program Police Reforms Wave III, the above given ten locations prevention action of sea robbery / piracy in Indonesian waters will continue until further notice.

Vessels are advised to maintain strict anti-piracy watch and measures and report all incidents and suspicious sightings to the local authorities and the IMB Piracy Reporting Centre. The IMB PRC will also liaise with the local authorities to render necessary assistance.

**Malacca Straits:** Although the number of incidents has dropped substantially due to increased and aggressive patrols by the littoral states' authorities since July 2005, vessels are advised to continue maintaining strict anti-piracy / robbery watches when transiting the Straits. Currently, there are no indications as to how long these patrols will continue or when they will be reduced. In some cases, incidents may have gone unreported. Situation currently remains stable although one incident was reported.

**Malaysia:** Bandar Penawar, Johor – past incidents reported on anchored vessels. Off Tanjung Piai – past incidents reported on vessels underway. Though incidents have stopped, the IMB PRC is monitoring the situation and will liaise with the Malaysian Authorities / MMEA as needed.

In / off Eastern Sabah – kidnapping of merchant ship's crew by ASG has stopped for several years due to actions by the Malaysian and Philippines Authorities. Last kidnapping incident was reported in January 2020. It was reported that several ASG militants had been captured / killed by the authorities. Although the incidents have stopped, the waters remain risky.

Vessels are advised to continue to take precautionary measures and maintain strict anti-piracy watch and measures. Vessels transiting these waters should refer to the Sabah Notice to Mariners NTM 14 of 2017 on the Ship Reporting System. Vessels are also urged to monitor the IMB PRC Warnings on potential incidents / targets / description of militant boats issued on behalf of the Philippines and Malaysian Intel Agencies.

**Philippines:** In / off Sibutu passage / off Sibutu island / Tawi Tawi / Sulu Sea / Celebes sea / off eastern Sabah – past incidents included crew kidnappings. These kidnapping incidents have stopped for several years due to the actions by the Malaysian and Philippines Authorities. Last kidnapping incident was reported in January 2020. It was reported that several ASG militants had been captured / killed by the authorities. Although the incidents have stopped, the waters remain risky.

Vessels are advised to continue to take precautionary measures and maintain strict anti-piracy watch and measures. Vessels transiting these waters should refer to the Sabah Notice to Mariners NTM 14 of 2017 on the Ship Reporting System. Vessels are also urged to monitor the IMB PRC Warnings on potential incidents / targets / description of militant boats issued on behalf of the Philippines and Malaysian Intel Agencies.

**Manila:** Be vigilant. Several past and recent incidents / robberies have been reported.

**Singapore Straits:** A General Warning issued in December 2019 indicating a sudden rise in incidents in Singapore Straits especially during the night is still valid. The incidents are still occurring to date. It appears one or more groups are targeting passing ships, including tugs / barges to rob them. Authorities have been notified and are aware of the situation. Vessels are advised to remain vigilant and to continue maintaining adequate watches and measures. Robbers board vessels while underway or while at anchor especially during the night. Robbers will abort and move away when the alarm is sounded, and authorities notified. Therefore, a strict watch is necessary.

**South China Sea:** Although incidents have stopped in the vicinity off Tioman / off Pulau Aur / off Anambas / Natuna / Mangkai islands / Subi Besar / Merundung areas, vessels are advised to continue to remain vigilant, especially during the night. In the past, several hijackings of small product tankers occurred off the coast of Malaysia, Indonesia, Singapore and in the South China Sea area. This trend started in April 2014, but the hijackings stopped abruptly in late 2015. It has been reported that some criminals have been arrested by local authorities both in Malaysia and in Indonesia. There were three incidents reported in 2017 where two tankers were hijacked off Kuantan / Off Pulau Aur / East coast Malaysia. The IMB continues to monitor the situation.

**WEST AFRICA (Gulf of Guinea)** – As a general rule:

- (i) Follow recommendations and guidelines presented in the BMP WA.
- (ii) All crews to keep a vigilant lookout using all available means. Ships advised to adjust ETA for direct berthing or wait / drift / transit more than 300nm from the coast, if appropriate and agreed by all in venture. Incidents reported up to 300nm from the coast.

**Angola** (Luanda): Incidents of robberies reported. Be vigilant and maintain watch.

**Benin** (Cotonou): No recent incidents reported. Past incidents reported in / off Benin. Vessels attacked and crews kidnapped. Incidents showed that the pirates / robbers in the area are well armed and violent. Pirates robbed vessels and kidnapped crews for ransom. In the past, tankers were hijacked, and part cargo stolen (gas oil).

**Cameroon** (Douala): Past incidents including vessels fired upon at anchor and kidnapping of crew. Be vigilant.

**Equatorial Guinea**: One recent incident off Bioko Island more than 45nm where ship's crew kidnapped. Past fired upon/kidnapped incidents off Bata up to 87nm from coast.

**Gabon** (Port Gentil / Owendo anchorage): Incidents stopped. Past incidents / kidnapping of crews occurred more than 70nm offshore.

**Ghana** (Takoradi): Incidents reported at Takoradi anchorages. Maintain strict watches.

**Guinea** (Conakry): Incidents dropped. Past incidents involving robberies reported at anchorages.

**Ivory Coast** (Abidjan): Incidents dropped but remains risky.

**Nigeria** (Lagos / Apapa, Off Bayelsa / Brass / Bonny Island / Port Harcourt): Pirates / robbers are often well armed, violent and have attacked and hijacked / robbed vessels / kidnapped crews along or far from the coast, rivers, anchorages, ports and surrounding waters. Incidents have also been reported up to about 300nm from the coast. Generally, all waters in / off Nigeria remain highly risky. Vessels are advised to be vigilant as incidents may have gone unreported. Kidnapping for ransom remains the biggest risk for crews. Vessels are advised to take additional measures in these high-risk waters. In the past, tankers were also hijacked, and part cargo stolen (gas oil).

Incidents dropped drastically for Nigeria, but vessels are advised to be vigilant as waters remain risky.

**Togo** (Lome): Incidents appear to have stopped. Past attacks reported at anchorage / in / off Togo. Vessels robbed and crews kidnapped. In the past, tankers were also hijacked, and part cargo stolen (gas oil).

**The Congo**: Incidents reported off Pointe Noire.

**Sao Tome & Principe**: No recent reported incidents. Past incidents showed vessels hijacked / attacked, and crews kidnapped. Vessels advised to continue to maintain strict anti-piracy watch and measures. Waters are still considered high risk for fishing and merchant vessels although incidents have dropped.

**Sierra Leone**: (off Turtle Islands). One past hijacking incident reported.

## **EAST AFRICA / GOA / RED SEA**

**Red Sea / Gulf of Aden / Somalia / Arabian Sea / Indian Ocean:** Five recent piracy incidents and hijacking reported off Somalia. The incident last year on 14 December 2023 is the first successful hijacking of a merchant vessel by alleged Somali pirates since 2017. Somali pirates have the capability to target vessels over 1000nm from coast using mother vessels.

The recent successful incidents demonstrate the continued capabilities of these criminals. Vessels are advised to be vigilant, maintain strict anti-piracy watch and adhere to the recommendations in the latest BMP, while transiting in these waters. The IMB PRC will continue to alert and broadcast information to all ships in the region via GMDSS Safety Net Service.

In the past, Somali pirates have conducted their acts in waters off the southern Red Sea / Bab El Mandeb, Gulf of Aden including Yemen and the northern Somali coast, Arabian sea / off Oman, Gulf of Oman and off the eastern and southern Somali coast. Vessels have also been targeted off Kenya, Tanzania, Seychelles, Madagascar, Mozambique, as well as in the Indian ocean, and off the west and south coasts of India and west Maldives.

Generally, Somali pirates tend to be well armed with automatic weapons and RPGs. They sometimes use skiffs launched from mother vessels, which may be hijacked fishing vessels or dhows. Masters and ship owners are encouraged to register their vessel and report as per the latest BMP procedures, ensure their vessel is hardened prior to entering these waters and to maintain a 24-hour visual and radar watch. Keeping in mind the warnings and alerts for the area, an early sighting / detection of an approaching skiff will enable an accurate assessment, allowing the Master and PCASP to make informed decisions to keep clear of small boats, dhows, fishing vessels and, if necessary, take evasive actions and request assistance as needed.

Masters are reminded that fishermen in this region may try to protect their nets by attempting to aggressively approach merchant vessels. Some of the fishermen may be armed to protect their catch and they should not be confused with pirates.

**Vessels transiting in / off Yemen / Gulf of Aden / Southern Red Sea / Bab El Mandeb:** There is a heightened security risk to vessels transiting these waters. Vessels are being approached by skiffs and hailed via VHF allegedly by Yemeni naval forces to alter course into Yemeni waters. Masters are encouraged to be cautious, ignore these calls and immediately report any such activities to Coalition warships on VHF Ch 16. Ships transiting Gulf of Aden, Southern Red Sea and Bab El Mandeb are also advised to be vigilant and take precautionary measures as vessels have been targeted by missiles and unmanned aerial vehicles. The number of these reported incidents, which are not piracy related, are increasing.

**Vessels transiting Straits of Hormuz / Gulf of Oman / Off Iran** – incidents are not piracy related. Unauthorised boardings have been reported.

## **SOUTH AND CENTRAL AMERICA AND CARIBBEAN WATERS**

**Brazil** (Macapa): Incidents have dropped. Waters remain risky. Stay vigilant.

**Colombia** (Cartagena): Incidents have dropped. Past incidents reported at anchorages, river passage and pilot boarding ground. Stay vigilant.

**Ecuador** (Guayaquil): Incidents have stopped. Past incidents reported at anchorage / river passage with pilot. Robbers well-armed. Fired upon.

**Haiti** (Port Au Prince / Lafiteau): Incidents dropped. Advised to continue maintaining watch and to stay vigilant.

**Mexico** (Puerto Dos Bocas): Incidents dropped. Past reported incidents - pirates / robbers in this area armed with guns.

**Peru** (Callao): Incidents still high. Waters remains risky. Maintain vigilant watch and employ anti-piracy measures.

**Venezuela** (Puerto La Cruz / Puerto Jose / Guanta): Although incidents have stopped, vessels are still reminded to maintain strict anti-piracy watch and measures especially at anchor.

### **EASTERN EUROPE/UKRAINE**

Not piracy related: Ukraine and Russia conflict: stay clear of Ukrainian coast. Mines reported in the Black Sea.

## **TRENDS**

Thirty-three incidents of piracy and armed robbery against ships were reported to the IMB Piracy Reporting Centre (PRC) in the first three months of 2024 – compared with 27 in Q1 2023.

The figures are broken down as 24 vessels boarded, six attempted incidents, two vessels hijacked and one fired upon.

Violence against and the threat to crews continues with 35 crew taken hostage, nine crew kidnapped and one threatened.

The reported hijacking incidents and the vessel fired upon are attributed to Somali pirates who have targeted vessels at great distances from the Somali coast evidencing their continued capabilities and capacities.

On 4 January 2024 a 170,000 DWT bulk carrier was boarded over 450nm off the east coast of Somalia. The crew managed to retreat into the citadel. An Indian naval vessel managed to board and secure the vessel and its 21 crew members.

In late January, the Seychelles coast guard successfully intervened to safeguard a hijacked fishing vessel and its six crew. Three suspected Somali pirates were apprehended in this operation.

The IMB PRC is also aware of several reported hijacked dhows and fishing vessels, which are ideal mother ships to launch attacks against shipping at distances from the Somali coastline.

On 15 March 2024, the Indian navy intercepted the previously hijacked vessel MV Ruen in the Indian Ocean culminating in the release of 17 crew and capture of 35 Somali pirates in what was a 40-hour naval operation. The hijacked vessel was reportedly taken out to sea with the intention of being used as a mother vessel for further attacks.

The IMB PRC commends the timely and positive actions of these authorities which has ensured the safety of the crew.

On 12 March 2024, a Bangladesh flagged, 58,000 DWT bulk carrier was hijacked and its 23 crew taken hostage by over 20 Somali pirates. The vessel was approximately 550 nm from Mogadishu and en route from Mozambique to the UAE when the incident occurred.

The IMB therefore urges all vessels transiting these waters to be cautious and follow all recommended guidelines, as per BMP 5, especially in respect to registering, reporting and vessel hardening.

Incidents within the Gulf of Guinea waters and the littoral states continue to remain curtailed. Six incidents were reported in Q1 2024 compared to five in the same period of 2023. All nine kidnapped crew were reported in these waters.

While the reduction is welcomed, the IMB continues to urge caution. On 1 January 2024 a product tanker was boarded around 45nm south of Bioko Island, Equatorial Guinea. Nine crew, including the Master and C/E were kidnapped suggesting the criminality of piracy remains a real threat. The IMB PRC reiterates the need of a continued and robust regional and international naval presence to respond promptly to these incidents and to safeguard life at sea.

Elsewhere, there has been a noticeable increase in incidents in Bangladeshi waters in 2024. Seven reports have been received – six from vessels at anchorage in Chattogram – compared to one report for the whole of 2023.

The Singapore Straits recorded five incidents against four large bulk carriers and a general cargo vessel. Whilst viewed as low level opportunistic incidents, five crew were taken hostage in three separate incidents in January in the Straits.

Since 1991 the IMB Piracy Reporting Centre's 24-hour manned centre, remains a single point of contact to report the crimes of piracy and armed robbery. The Centre has not only assisted ships in a timely manner, it provides the maritime industry, response agencies and governments with transparent data – received directly from the Master of the vessel under attack - or its owners.

The IMB PRC's prompt forwarding of reports and liaison with response agencies, its broadcasts to shipping via GMDSS Safety Net Services and email alerts to CSOs, all provided free of cost, has helped the response against piracy and armed robbery and the security of seafarers, globally.

## **OBSERVATIONS**

Narrations of the 33 attacks for 01 January to 31 March 2024 are listed on pages 28 to 34. The following serious incidents, in chronological sequence are described in more detail.

### **Equatorial Guinea:**

On 01 January 2024, a Tuvalu flagged Product Tanker, MT Hana 1, was approached and boarded by armed pirates while underway at position Latitude 02:33 North and Longitude 008:14 East, around 45nm South of Bioko Island, Equatorial Guinea, at approximately 1945 UTC. Six pirates armed with guns attacked and boarded the tanker underway. The pirates opened fire at the bridge to gain access. They kidnapped nine crew members including the Captain and Chief Engineer. The remaining crew managed to sail the tanker to a safe port and reported the incident to the Authorities. The nine kidnapped crew members were safely released during the night hours on 29 / 30 January 2024.

### **Somalia:**

On 04 January 2024, a Liberian flagged Bulk Carrier, MV Lila Norfolk, was attacked and boarded by armed pirates while underway at position Latitude 05:52 North and Longitude 057:14 East, around 455nm SE of Eyl, Somalia, at approximately 1314 UTC. The ship was fired upon and successfully boarded by seven pirates, in a skiff launched from a mother vessel, armed with machine guns. Ship sustained damaged to bridge windows due to gunshots. Master raised the alarm, contacted the Authorities, activated the SSAS and all crew mustered in the citadel. An Indian Navy Warship responded to the distress and dispatched a helicopter to locate the ship. The warship subsequently arrived at the ship's location and the naval team boarded and searched the ship. Once the clearance was given, the crew emerged from the citadel and regained control of the ship. All 21-crew reported safe.

On 21 January 2024, a Sri Lankan flagged Fishing Vessel, FV Lorenzo Putha 4, was hijacked by armed pirates while underway at position Latitude 00:35 North and Longitude 061:19 East, around 960nm East of Mogadishu, Somalia, at approximately 0330 UTC. A Seychelles Coast Guard patrol boat located the fishing vessel on 29 January 2024 and after a brief exchange of fire between the pirates and the Seychelles Coast Guard the pirates surrendered. The Fishing Vessel was escorted to a safe port. All six crew reported safe.

On 12 March 2024, a Bangladesh flagged Bulk Carrier, MV Abdullah, was hijacked by armed pirates while underway at position Latitude 01:27 North and Longitude 054:53 East, around 550nm East of Mogadishu, Somalia, at approximately 0853 UTC. All 23 crew were taken hostage. The vessel was sailed towards the Somali coast and anchored.
