

APPLICATION GUIDELINE (For Japan P&I Club Members)

Engine Department Crew for Japan P&I Club Entered Vessels

Welding Safety Loss Prevention Training

~Practical Training for Engine Crew in Collaboration with Magsaysay Training Center~

The Loss Prevention & Ship Inspection Department of The Japan Ship Owners' Mutual Protection & Indemnity Association (Japan P&I Club) will hold the “**Welding Safety Loss Prevention Training**” aimed at ensuring safety and preventing accidents during on-board welding operations.

Building upon the existing expertise and technical skills of engine crew members, this training aims to further strengthen a culture of safety and help participants to strive to become key leaders in maintaining safety on board. To provide practical and high-value support to our Members, we have partnered with Magsaysay Training Center, a pioneer in maritime education in the Philippines.

Over a 2-day curriculum combining classroom lectures, practical exercises, and case studies, participants will have the opportunity to re-examine risk identification and reinforce preventive measures against unsafe acts using practical scenarios.

The training will be held in Cavite, Philippines, as outlined below. To assist in creating an even safer working environment on board and preventing operational incidents, we encourage you to consider enrolling your crew members.

1. Course Overview

Theme:	Safety and Accident Prevention in Welding Operations
Course Content:	Practical safety and loss prevention training for welding operations
Course Objective:	To cultivate personnel who can plan, prepare, issue work permits, handle tools properly, and ensure safe execution and loss prevention in welding operations
Eligible participants:	Engine department crew members on Japan P&I Club member vessels (All crew members involved in welding operations)

Venue: Magsaysay Institute of Shipping, Inc.
Via Verde, San Agustin II, City of Dasmariñas, Cavite, Philippines
<http://www.magsaysaytraining.edu.ph/SitePages/default.aspx>

Note: Participating companies may arrange nearby hotels independently or utilise Magsaysay's accommodation support. If you wish to use Magsaysay's support, the specific contact details for booking will be provided after your application is confirmed. Please note that in either case, all accommodation costs must be borne by the Member Company.

2. Schedule & Capacity

Application deadline: Friday, 23 October 2026
Training Dates: Tuesday, 24 – Wednesday, 25 November 2026
Capacity: 20 participants (First-come, first-served basis)

3. Course Fee

Tuition Fee: Free of charge (Covered by Japan P&I Club)
Others: Transportation and accommodation expenses are to be arranged and borne by the Member Company.

4. Cancellation Policy

Notice Deadline: Please notify Japan P&I Club at least 3 business days prior to the start date of the training
Important Notice: Please be aware that if a participant fails to attend without prior notice, we may decline future training applications from your company.

5. Additional Information & Preparation

Training Materials: Textbooks and training materials will be provided on-site
Personal Protective Equipment:
All required PPE for the training (including coveralls, gloves, safety shoes, helmet, and safety glasses) will be provided by the training center on-site.

Attire: Trainees are requested by the training center to wear a white polo shirt, black trousers, and shoes when attending the center and during lectures.

Personal Accident Insurance:

While the training will be conducted with strict safety precautions by experts, participants will be covered by insurance provided by the training center for training-related accidents. However, we highly recommend that participants arrange comprehensive travel insurance to cover their journey and unforeseen incidents outside the training.

6. How to Apply

*NOTE By applying, you agree to the "LIABILITY AND SAFETY COMPLIANCE" terms listed below. Please complete and submit your application via the online application form or the QR code below.

LIABILITY AND SAFETY COMPLIANCE

By submitting this application, you and your company agree to the following terms:

1. Practical Training Activities:

Training programs include hands-on activities using welding machines, electrical equipment, tools, and other related training apparatus.

2. Fitness and Readiness:

Participating companies and trainees are responsible for ensuring that trainees are physically fit, properly briefed, and fully capable of participating in the training.

3. Safety Compliance:

Trainees must follow all safety instructions, protocols, and facility rules provided by the training center before and during the sessions. The training center reserves the

right to suspend or remove any trainee who fails to comply with safety procedures or poses a risk to themselves, others, or the facilities.

4. **Limitation of Liability:**

Japan P&I Club shall not be held liable for any personal injury, illness, accident, loss, or damage occurring during the training, except in cases directly caused by the gross negligence or willful misconduct of Japan P&I Club.
